## Customer Reviews

This is a terrific resource for identification and getting a GENERAL evaluation of value or contemporary paper money. While you won't get the priced listed in the book on E-Bay, and certainly not from a dealer, it is good to have a general price guide and this fits the bill (no pun intended) quite nicely. I liquidated my collection recently and KNOW I did better having some sense of value of my collection.

The copy I ordered from came with a major printing mistake. My copy's pages 297-344 were

printed/bound upside down and in reverse order. This is a big hefty book (1160+ pages); flipping it around is indeed quite cumbersome. I've contacted Krause Publishing regarding this error and am awaiting a response.

very good and quickly delivered

Very useful for any World Paper Money collector. Actually the most complete book available. Always go back to this book.

Husband is quite pleased to have this book as a good reference for his hobby.

A must have guide to all who loves numismatics.

Awesome book for collecting

Excellent catalog to have
