Tall Ships: The Fleet For The 21st Century

Synopsis

This new and revised fourth edition of *Tall Ships The Fleet for the 21st Century* is the most comprehensive and informative guide to this international fleet of sailing ships. *Tall Ships* includes full-color photographs and updated descriptions of over 200 vessels from around the world. The book offers a full size photograph of each vessel, supplemented by many smaller photographs of the ships' detail—figureheads and binnacles, flags and riggings. The text describes each ship, its history and notable events under sail, long with its technical specifications. This unique guide is ideal for everyone interested in tall ships and their enduring history and traditions. Writer and photographer Thad Koza has written books and magazine articles about these ships and their history.

Customer Reviews

Great book with lots of photos, but not all that revised or up to date if you have the 2002 third edition. New photos of some that were needed, but still missing some of the newer boats (eg Sultana). Given the rate of change within the tall ship community it's a noble effort and well worth the price.
