Customer Reviews

My niece loves this book. I love encouraging her creativity. With character-themed coloring books, she just replicates the way the character appears in cartoons etc. With this Mandala book, she gets to pick the colors herself. She's doing a great job!

My 7-year-old daughter had been asking and asking for a Mandala coloring book, so I decided to try this one out. She loves it! I bought her a pack of gel pens with it and it keeps her entertained quite well.

Perfect for the young colorer, around 1st-2nd grade. Let's the child enjoy coloring with adults who have rediscovered coloring but without struggling with the very intricate designs for adults.

Granddaughter loves this
