## Customer Reviews

This is my favorite calendar every year. Each page is an individual high resolution beautiful photo that you don't have to rip off like the average page a day. You just shift it to the back of the included gallery

I have been using one of these cat calendars for many years. I wouldn't want to start a new year without one. The photos are great and the quality is excellent. At the end of each year I switch to the new calendar and put the old one in a box with other retired cat calendars.

Not all crazy cat ladies are female. My husband loves the calendar so much that he starts reminding me to order a little earlier in October every year. Pictures are beautiful, and loose page format is practical.

Best cat calendar ever! Always good photos changing daily. Stand is professional for the office.

We really enjoy the daily cat photos, without the extra verbiage.

I don't know just what it is that makes this so nice. I love the acrylic holder and that all the pages are saved throughout the year. The photos are high quality, from good photographers. If you are looking for long stories on each page, this is not the calendar for you. I appreciate that each day is mostly photo without a lot to say about it.

Bought this as a Christmas gift for my sister. It's become something of a tradition the last few years that I get her a cute cat calendar. I didn't know until I gave it to her that she says she specifically looks to see if the calendars are by Workman Publishing as she really enjoys them. The pictures are adorable.

I've given my wife one of these great cat calendars every year for as long as I can remember. They're fantastic for her office and she often sends a txt message photo on days when there's a super-cute kitty. The photography is great as are the tidbits of info accompanying each shot. Great gift for cat lovers!
