Customer Reviews

every picture has defects in the black background. Very large faded or misprinted areas. Every page!!! Very disappointed. Should have been a nice book. I received a new copy from the publisher. Perfect in every way.

Nice coloring book containing 29 great creature designs, each on black backgrounds on the front and back pages. Most designs are not too intricate, which is what I like. A nice calming hobby. No stress other than choosing colors. Would have preferred thicker, perforated pages but still a really nice book.

The beauty of art is in how best you know how to do it. This book is a great art book that lets you understand the in and out of painting and also enjoy the beauty of your work. Art is for all ages and while you are old you can reflect on the beauty of the art works you are doing. Kudos to the author for this wonderful Adult Painting Teaching Book.
