Sugar Rush: Sugar Bowl Series, Book 2

Synopsis

After posing as an escort for the Sugar Bowl online dating service, Sela Halstead is looking for one thing: **payback**. She's closing in on the site's heartless founder, Jonathon Townsend, and she needs Beckett North, Townsend's business partner and her lover, by her side. She'd thought that their intimate nights together had forged an unbreakable bond, but after a shocking betrayal, Sela begins to doubt the brilliant bad boy. When push comes to shove, can she trust Beck to do the right thing? Now that he understands the truth, Beck will stop at nothing to secure the reckoning Sela deserves. But between his desire for her and his disgust for JT, Beck doesn't exactly have a lot of control over his emotional state. Left with no other choice, he must summon all his discipline to maintain JT's trust and pretend that they're still friends. But how far will Beck go to prove his loyalty to Sela? He nearly lost her once. To keep her, Beck might have to kill for her.

Best Sellers Rank: #6 in Books > Audible Audiobooks > Romance > Suspense #22 in Books > Audible Audiobooks > Romance > Contemporary #269 in Books > Romance > Romantic Suspense

Customer Reviews

*** 5 + Stars ***Wow! Sawyer Bennett has taken over the dark, erotic thriller genre. Sugar Rush is the second novel in the dark Sugar Bowl series. This novel wove an even more tangled web. One of the things I have noticed in most trilogies is the second novel is more of a filler to the overall story. There is usually very little progression in the plot. The readers get a recap of the first novel, the backstory of the characters, and more development in the romantic relationship. Sugar Rush had all of these characteristics but also added something more. It added real "MEAT" to the story. The plot progressed and changed course. The intended outcome was the same, to destroy Jonathan Townsend. The new twisted directions turned the tables and may have changed who had the upper

hand. I could not put this book down and when I finished I was flabbergasted. I cannot predict what is going to happen next. Sela Halstead had a mission. Infiltrate Murder Repeat. Even the most thought out and meticulously executed missions can go awry. The plan was to become a Sugar Baby at the Sugar Bowl, an exclusive dating service for wealthy, powerful men. Her goal is to get close to owner Jonathan Townsend, one of her three rapists, and execute her plan. What she didn't count on was Jonathan's partner, Beckett North, at the Sugar Bowl. She never anticipated that she would fall in love with a man connected to her enemy. Falling in love changed her mission. She's ready to change the plan but before she can do so, she's caught red handed by Beck. That moment of truth can either make or break what comes next. That was the cliffhanger in Sugar Daddy. What was to follow in Sugar Rush changed the mission. The outcome will be the same, she will destroy Jonathan Townsend. Once Beck learned the truth about Sela's past and the rape, he's on board to destroy Jonathan Townsend. He has the money, the power, and his own personal motivations to ruin Jonathan Townsend. The most powerful motivation is his love for Sela. At the same time he needs to protect The Sugar Bowl. He worked too hard to create his company to let Jonathan destroy it. Together Beck and Sela come up with a plan that will ruin Jonathan Townsend. It's illegal, dangerous, and expensive. The plan is executed with complete precision and Jonathan is going down. They underestimated their foe, he's more corrupt and devious than they anticipated. When he makes his final move, it changes everything. His revelations are shocking. There's more at stake than Sela's revenge and the Sugar Bowl. It could ruin Beck completely. It could tear apart Sela's and Beck's future. It could destroy everything they hold dear. One last play once again leaves a shocking cliffhanger. What comes next? Infiltrate Murder Repeat! I need my hands on Sugar Free! I can't wait for it to release in October, 2016.

I couldn't wait for this book. I stalked it online, even though I pre-ordered. The first book was fantastic, exciting, fascinating..... I could go on. I expected this 2nd book to be just as fantastic. However, it was not. The word that comes to mind is lackluster. It is if as though Ms Sawyer lost her way and muddled through to produce this one. The plot was highly predictable and the H/h were boring. As boring as a couple married for 40 years. Even the sexy times were lacking. The villain was just plain boring. What happened? The plot barely moves. After confessing to the H, the repetition about destroying JT was annoying. The insistence on saving the company took away from the viciousness that the H was supposed to possess. While I read the first book in 1 day, it took me 3 days to complete this one. I had to force myself to keep this book instead of returning it. Ms Sawyer, I'm still a fan, please let book 3 be worth my time and money.

Sugar Rush is the sequel to Sugar Daddy and can not be read as a stand alone. Sugar Rush picks up right where we were left hanging in book one. WARNING ... This review will contain spoilers to Sugar Daddy. Sela Halstead's plan for revenge didn't go as planned since Beckett's Beck North was never a part of that plan. When her feelings for him become more than her need to avenge his business partner, Jonathon Townsend, for raping her ten years ago, she should have stayed on that course but seeing that JT hasn't changed still left her on her quest. Beck doesn't believe her that she was raped by JT at first but after realizing the brutal truth of what happened he will stop at nothing to win her back, protect her and secure the reckoning Sela deserves. I could not put this book down and when I wasn't reading it I kept thinking about Beck and Sela wondering what was going to happen next. The suspense and mystery is awesome in this book. You know the plans but will they go as expected or will something derail them? There is some great steamy sex scenes in the book, but the actual story is intense and deals with drug use, gambling and rape. The differences in relationships that Sela has with family to what Beck has with family shows how trust plays an important factor. Sela and Beck may only have known each other a short amount of time but the relationship develops at a steady rate. Both have issues from their pasts and are struggling to learn to move forward. I love the supporting characters of Linda, Caroline and Dennis. Linda just relieves some of the intensity and Caroline and Dennis have stories of their own that I want to know more about but before that I need to know what will happen with Sela and Beck as this book leaves us hanging like the first book does.
