A new chapter covering twenty-first century architecture. Updated coverage of sustainable and green architecture and its impact on design. Revised historical survey and expanded and illustrated timeline. Thoroughly revised and expanded art program, including more than 650 black and white images; 135 new to this edition, and more than 200 line art drawings created by author Leland Roth. A new 32-page, full color insert features more than 50 new color images.
