Customer Reviews

For Flower lovers of all ages, Flowers cleverly arranged and gathered together into 50 captivating designs! The designs fluctuate from very simple to intricate, and are just waiting for you to color them with Gel pens, Colored pencils, Markers, or even crayons on some of the simple designs. Just add bright and bold colors like reds and purples full of energy or use soft pastels for tranquility, you

choices are endless. This book will inspire your imagination, stimulate your senses and creativity, and as you become engaged in the enjoyable activity of Coloring, it calms you and almost immediately starts reducing your stress level. I love to use Bic Mark It ultra fine markers to color in this book they come with 36 different colors and a case that is cheap plastic but works well for organizing the markers in color wheel order, the last one below is colored with these. This book is a perfect addition to your coloring library, a perfect gift for children, college students, or adults who enjoy coloring, and a much easier way to reduce stress than going to the gym. 1. 50 Illustrations printed one per page (the back of each page is blank) on light weight, bright white paper. 2. Place a piece of scrap paper behind the page you are coloring and leave until the picture is completely dry. Markers and some Gel Pens will bleed through. 3. For Flower lovers of all ages, my grandchildren both boys and girls love coloring in this book and taking a picture of flowers to Mom, 4.
