# 100 Years Of Fashion

## Synopsis

This book documents in pictures the most exciting and diverse period in fashion: from 1900 to today, covering high society, uniforms, sportswear, streetwear, and couture. It will appeal to everyone with an interest in fashion as well as students. Over 400 photographs and illustrations, many published for the first time, tell the stylish story of a fashion revolution.

## Customer Reviews

Not about Audrey, in case you thought it centered around her style. The first half is very good up until 1960;s then the fashion references seem to be more the bizarre, funky influences, not what the fashion houses put out that was actually worn by the culture. But from the 1900 to about 1964 it presents a very good visual history on the changing female apparel.

Love this book. I saw it in the store and then found it cheaper via of course. Anyhow, this is a fairly sizable book, meaning it's got quite a few pages. It is also wonderfully illustrated with tons of examples of how fashion has changed over the years. This is a wonderful read for anyone who follows fashion as it gives you a great sense of how we got to where we are in today's more modern trends. The text is even entertaining for me, which says a lot for myself ;-)

I stumble upon this book at a airport, great reference book for all artist, great photos with detailed description. Do note that this book is female fasion only, there is a male version which i am still waiting on.

beautiful illustrations -it made me wish that it was still a time when one could dress up without appearing slightly mad. i used to like my hats and gloves and suits and evening gowns!

Well laid out book, lots of pictures and information. Kept our teen daughter interested in learning about the history of fashion without getting bored. Would recommend as a staple in your fashion library.

I gave this book to my daughter for Christmas - a fashion conscious teenager - who loved the style and history angle of the book. Lots of fabulous photos and historical perspective on fashion to interest anyone who follows trends.

This was a gift I gave to my daughter who had put it on list of "wants". She called me after receiving it telling me how beautiful it was. When I visited her I started looking at it and couldn't put it down. The pages are really beautiful and I loved the modern history of clothes that this shows. The colors are so appealing. This a lovely book with much to offer for anyone interested in the recent evolution of clothes.

went through a lot of books to choose this. the fashion that is highlighted on thick pages is excellent. the narrative is informative for both people new to the field and those who are more knowledgeable.
