Customer Reviews

The book itself is large. And each of the bathing beauties are well represented by several pages of photos, each, in different and exotic locales around the world. There are several full page photos of each of the girls with a one 2-page photo spread devoted to each girl as well. The cover of the book is a good representation of all of the other girls on the glossy pages. The inside cover of the book says it originally retailed for 39.95. So for this price I believe it is a good deal. You can't go wrong for this lower price on today.

This is a great collection for classic SI images and an excellent collectors item. SI is truly an iconic entity and an American institution that will remain timeless forever.

My teenage stepson loved this Christmas present. They are not the models of my day, but he knew them all and was excited to see them all in one place, not just one per month.

This is a nice collection of current SI models. It's a hardback coffee table size book. I enjoy looking at the beautiful women.

Awesome addition to my library and crazy great insights into photographer's shooting styles!!

Another great book from the SI swimwear enterprise. If you're into swimwear photos, this is world class material. My blog has a more complete review if you're interested:[...]
