# Money, And The Law Of Attraction: Learning To Attract Wealth, Health, And Happiness

## Synopsis

Many people have watched or read 'The Secret' and believe that you can ask the universe for any material thing that you would like and the law of attraction will just deliver it to you. But of course it's not as simple as that. You have to change the way that you think if you want to change your world. In this extraordinary book Esther and Jerry Hicks outline the secret behind the laws of attraction. They explain clearly how to focus your energy on manifesting prosperity. Learn the keys of abundance by: focussing on what you want in your life and not on what you don't have; seeing yourself as wealthy not poor; and visualising yourself as enjoying the object or lifestyle that you dream of, see yourself having fun living in that house or driving that car. There is enough for everyone. The key is for each of you is to see it and want it - and then you will attract it. Know that you have the power to attract whatever you desire. Affirm that money flows to you easily and that you have an unlimited supply of abundance and prosperity.

## Book Information

Audible Audio Edition

Listening Length: 7 hours and 32 minutes

Program Type: Audiobook

Version: Original recording

Publisher: Hay House

Audible.com Release Date: August 20, 2008

ASIN: B001EVUE64

Best Sellers Rank: #1 in Books > Religion & Spirituality > New Age & Spirituality > Self-Help #22 in Books > Religion & Spirituality > New Age & Spirituality > New Thought #23 in Books > Audible Audiobooks > Religion & Spirituality > New Age & Occult

## Customer Reviews

Eight years ago I was a much different person than I am today, My marriage had just broken up, I had difficulty finding full-time employment, money was scarce, creditors were calling every day demanding the money I owed them, I was drinking excessively which didn't help matters any, I was lonely, had an old truck that was always breaking down, and lived in an old house with a leaky roof that was cold as a barn in Winter, I even thought about suicide. One day when I was working, I noticed a newspaper from another city, I picked it up and glanced through it, I stopped at a page with the headline " The Secret Behind the Secret" . As I read about this book " The Secret" by

Rhonda Byrne which I had never heard of or seen before, and 'The Power of Attraction', I became interested and curious, so the next day I bought the book, read it from cover to cover, reread it, and read it again what was written in it , sounded good...almost too good , I wasn't sure at first if I believed it or thought it was a bunch of hooey. Here I was almost forty, and I had never heard or read any of these ideas before... "your thoughts create your reality", 'if you want to know what you have been thinking about just look around you, etc, when I looked around me , I wasn't to pleased about what I was seeing, but I knew there had to be a better way to live than the way I was living, mabey there was something to this "Law of Attraction" stuff. I decided to give it a try, I visualized one million dollars, over and over for a couple of weeks...

If you thought Ask & It Is Given was an excellent book, you will think Money, and the Law of Attraction: Learning to Attract Wealth, Health, and Happiness is phenomenal. Ask and It is Given, the first Abraham Series book that I've read, provided a great introduction to the Law of Attraction. Money and The Law of Attraction provides a more in depth discussion of how to attract wealth, health, and overall happiness. It focuses on the importance of pivoting your thoughts from negative to positive ones--not only for the areas that require change in your life, but all of your thoughts. Abraham, the non-physical entity, that narrates the book, emphasizes that there are two sides to every story--one positive side and one negative side. It is important to learn how to view the positive side to every situation. He notes that in order to attract goodness in your life, you must "feel good." Feeling good keeps you in line with your source spirit, "who you really are." Good thoughts attract good thoughts attract good thoughts. And all of this attracts good energy. So it is important that you do and think thoughts that will cause you to feel good all the time. I really don't think I fully comprehended the Law of Attraction until I read this book. When I read Ask and It is Given, I worked on trying to change my negative thoughts to positive ones only on the areas of my life that needed improvement.
