# Fairy House: How To Make Amazing Fairy Furniture, Miniatures, And More From Natural Materials

## **Synopsis**

Fairy House is a fascinating adventure into the making of minuscule kingdoms of the fairytale realm from objects found in nature. Through more than 350 clear, detailed, full-color photographs and understandable yet whimsical guidance, the reader will learn to fashion intricate, tiny cups from acorn pods and grapevine tendrils, dreamlike beds from delicate flowers and leaves, and an amazing array of other beautiful and unique pieces that will inspire the reader to find their true artistic ability and imagination. A photo gallery of other stunning pieces provides the reader with more possibilities to create. Projects include: The Forest Cottage The Fairy Garden Princess Canopy Bed Garden Wishing Well Tower for the Elfin King The Gardener's Wagon Fairyland Gazebo The Fairyboat Bed Woodland Characters and many more!

## **Customer Reviews**

Beautiful images! I love the Schramers' work and with this book can now create my own fairy miniatures!

Beautiful book with easy instructions on how to build. Didn't think I would need instructions on how to build the fairy structures so also bought another book which just had lots of pictures to give me ideas which at the time I thought was great. But after receiving this book, I realized the step by step instructions are indeed helpful in getting started. It also has a reference section on good plants to use and types of materials to gather.

what a fantastic find this is! anyone interested in natural hand made fairy items look no further. Very detailed instructions and pictures. A must for crafters.

Excellent book for those looking to make fairy furniture from natural woodland materials. Gorgeous book with very well thought out instructions and descriptions covering many types of "fairy" furniture and accessories. I can't imagine a book being any better.

This are so darn cute that if I had not previously duct-taped my head together, it would definitely have exploded. I think I have to take early retirement so I can make all these things before I get much older.

A lovely book... full of surprising photos and ideas for creating a fairy house for your garden or home. Great for parents to do with children or for adults who want a creative hobby to pursue. I am giving a copy to a dear friend for Christmas this year.

This books is magic and whimsy in book form. It was a present for my 9 year old's bday, and she went nuts. We've had lots of fun nature walks where she picks up supplies and materials, and she's made some delightful things. I think I would have died and gone to heaven for this book as a child.  
LOVELY

Seriously an AMAZING book. They really know what they're doing. I'd definitely recommend this to anyone looking to do any sort of nature craft. 5 stars for sure.
