13 year old granddaughter is taking piano lessons. This book was recommended by her teacher.

Together they are working on a song that she will be able to play at our church soon. She loves the book.

This book has nice easy arrangements of familiar praise songs. The chording in the left hand is simple but with hands together it sounds great. My students really enjoy this book

This book is great!!!!!! If you have a piano or keyboard and time this book will keep you busy. It has kept me and my brother busy!!! These songs are ones that I love. We even sing them at church!!!!!!! I am also enjoying each of the accompanying part for each song!!!!!!!

My kids have been taking lesson for 5 years, since they were 6 and 8 and they do a great job with these songs.

The description of this book does not mention what difficulty level it is. It is actually Level 2, late beginner.

My students are enjoying this book!
