Customer Reviews

I do think this little book picks up some of the contemporary songs and adds a quality to some of the old ones that make it worthwhile to purchase. I bought it cheaper here than through the Cokesbury sale!

I play for a local Methodist Church and we use this and the Hymnal. The Pew Edition has words and melody, but no chord symbols - but the songs take less pages than in the Accompaniment Edition. The songs, like in the UMC hymnal, are organized by topic - they seem a good selection of 80's-90's praise music, with some older hymns and such thrown in. Instrumentalists might want to check out the Simplified Version - it's spiral bound with vocals, chords and accompaniment for keyboard players...the Accompaniment Edition is too big to fit inside the piano bench. The Faith We Sing: Simplified (Faith We Sing)

This is a good companion to the United Methodist Hymnal, and also to many other hymnals!! There are more modern songs in it, and a lot of old standards, but on the whole, a more upbeat music. You can also purchase the soundtracks if your church doesn't have a musician. Perfect for a small church or even a larger one. (there is also a cd available with the lyrics in powerpoint for projection)

I purchased this as a surprise gift. My mother in law saw this at a church service and commented about playing the songs on piano. So I looked it up and we purchased it for her. Was in good shape, seemed to be good quality and she enjoyed playing the hymns contained inside.

"The Faith We Sing" is in use by many churches today as an alternate hymn resource. In the United Methodist Church, our congregations use this hymnal that includes many of the old hymns of the church, as well as some newer additions. Great for multi-generational churches.

Many more upbeat songs in it. Great for the younger ones. You won't be disappointed in these song books. We ordered for every pew

Excellent buy and just what we needed. We are now using this book every Sunday. Great savings. I reordered 25 more.

The Methodist Hymn book series called "The Faith We Sing" is simply styled. This copy is lustre black, with "aged" looking pages. They also produce a green covered book, a spiral bound accompanist book [for the piano player] and sets of books.. All available through at reasonable prices. Please remember this is a pew edition, with the melody line only, -treble clef, no bass line -bass clef and no guitar chords. Words only, with the melody line. This book is pleasing to the eye and should be viewed as non-denominational. Just for the pure fun of it all. Coca-Cola surely does not hold the right to "teach the world to sing". Perhaps all denominations should form a coalition to boycott childish statements from the corporate world. Here is a good place to start. The Faith We Sing.
