Synopsis

If a man doesn't take you seriously, he may feel compelled to have a good time with you. Unfortunately this good time will last until you finally realize you're being taken for a ride or until Mr. Time Waster ultimately moves on to a woman he REALLY wants. In cases like this, what a woman really requires are two things: a healthy amount of self-respect and a set of "player-proof" dating rules that will allow her to make wise dating decisions as she navigates the treacherous territory of finding Mr. Right. This audiobook was designed to show women how men appraise female behavior in order to determine a woman's level of self-respect and therefore her value as a romantic partner. Inside it you'll discover the timeless seduction secrets and dating rules to help you avoid the dating mistakes that could make a woman appear desperate, needy, commonplace, or even unqualified for a serious commitment to a great guy. In this audiobook, you're going to learn: The most powerful form of male seduction that can KEEP a woman helplessly "addicted" to chasing a man. How to keep a man interested by doing the one thing MOST women are terrified of doing when they find a great guy. An irritating habit that causes high-quality men to stop pursuing a woman almost INSTANTLY. How to rebuff undesirable male behavior and get the guy you want to either take you seriously or take a HIKE! A simple ego-popping phrase that burns into a man's memory, keeps you STUCK on his mind, and makes him DESPERATE to see you again. How to seduce a man and MELT his heart by overwhelming him with the ONE THING only the RIGHT woman can give him. And much, much more... Get started now, and discover how to get the guy and keep him interested in you without playing games.

Customer Reviews

I love how the author gives simple but powerful guidelines on how we need to respect ourselves no matter what. I just broke up with a boyfriend that was all that...handsome, tall, smart, successful, but he was not reciprocating all that I was giving (more than him) so thanks to the advice of this book, I pulled the plug. As Painful as it is, is also empowering because I and only myself decide the kind of relationship I want and I know I deserve unconditional love. Not making excuses because he is handsome and smart and PhD all that. He is not treating me right, his mediocre, half butt efforts are not enough...he got kicked to the curb. It hurts but it would hurt more staying with someone undeserving. Thanks to the author for opening my eyes.

If ONLY this book had been available in my 20's, it would have saved me a boat load of misery. Still, at my moderate age of 58 (chuckles), it provided me information that I had never before contemplated or realized. It is very informative and highly educational. I would recommend this book to ALL high school senior girls. It will give them incredible insight on how to select the men who will be a part of their lives.

Thank you for writing this book. I think I committed a lot of the mistakes you speak against and lost ALMOST lost a great man by being needy. With your wisdom in your books, I have risen again just like a Phoenix. Now excuse me while I go and make the man of my dream fall hopelessly in love with me.

This book is definitely a keeper, the chapters are so simple yet moving. Oversee so many mistakes in dating some of which I had no clue of until now. As a woman this book is enlightening and will teach you how to effortlessly attract the relationship you want.

I really, really wanted to hate this book. So many of the dating books put the blame on the woman, and true to form he does indeed put most of the blame on the woman. However, if one reads it through without blinders one comes to realize that he is telling the unvarnished truth! If you are tired of always 'being the bridesmaid, never the bride' or it seems men just slip through your hands like water, then you need to read this book! It's just that simple. Thanks to this book and good honest friends, I was finally able to let go of an ambivalent man who would've wasted YEARS of my life if I had allowed it. Nice to feel sane, and in time, I will be ready to love again...and the next time I will be doing it the right way, because I'll have this book as a guide. Don't laugh, some of us do need the

reminders of what should be 'common sense.' Hence the reason such books sell.

This is a surprising read and I definitely took away more than expected . Highlight of this book: We all have encountered "player" types which you can break your brain trying to figure out. They are playing you by the book, and you don't know the rules. The author calls it for what it is - a scalywag and a time waster who can never commit and is bound to break your heart ...the mental fog and lack of clarity are the symptoms in such an unhealthy situation! This book teaches you to recognize such unfavorable situations early on, develop a cut-throat attitude toward selecting men and dumping them quickly. Every time you cut off another "cancer cell", you invest into a health bank of your Self Esteem. Recognizing emotional abuse /disrespect /male aloofness/mind games for a tools of an immature, narcissistic , aggressive, and unstable men who WILL NEVER COMMIT and thus choosing your own sanity and time value over someone so small they deserve to be squished like the cockroach that they are ...and never looked back on! And other tools for a modern self respecting woman to rule and REIGN in the wild Wild West of the dating world! Highly recommend !!! Delicious Read and an A+++ . Deserves to be in every woman's physical library.

He describes a lot and helped me. Would recommend this book to anyone that is insecure. He helps you see it!

This book was very insightful, and helped me to see some of the things I was doing wrong. I wish I had read this 10 years ago!!
