Our Fickle Constitution

A Guide to the Preamble
of That Ever-Changing,
Quaint & Curious
Charter

narrated by Scott Ott

Synopsis

Scott Ott, American's leading family-friendly Conservative satirist, brings you the Preamble to the Constitution as understood by our friends on the Progressive Left. He takes the Preamble phrase-by-phrase, explaining what it means, what it used to mean, and what it really, truly could mean in a land where dreams come true. This mini-audiobook takes you inside the head of a left-wing Constitutional scholar, where there's plenty of room to move around and rearrange things. Rush Limbaugh, Glenn Beck, Mark Levin and many others have praised Scott Ott's "fake but true" news satire, which he wrote at ScrappleFace.com for eight years. He's author of Axis of Weasels and Laughing at Obama: Volume I, and now writer and anchor of PJ News Break with Scott Ott, the thrice-weekly, three-minute news satirecast on PJTV.com and on the ScrappleFace channel on YouTube.

Customer Reviews

Scott Ott's brand of satire is how good satire is written. No wonder Rush mentions him periodically on his radio show. Enjoyed this comical short read. Caution: Progressives probably won't find it as humorous as I did. They'd use it as a study manual :)

I agree with this review of the book from PJMedia.com [...] "the book not only provides a satirical look at the left's approach to the Constitution, but which does so in a way that also reminds us, as conservatives, about what we know to be true about the Constitution as well. ... It's a must read for

every conservative who hasn't taken time to check himself for contradictions lately."

Scott Ott makes serious and salient points with humor and disarming charm. In this book, he explicates the arguments of those who undermine the words and the intent of the Constitution and the idea of a Constitutionally Limited Republic with a separation of powers, checks and balances and a Rule of Law. Scott Ott presents and then answers the arguments against the Constitution in a manner that does not engender anger.

This is a hilarious fractured take on the preamble to our Constitution. Scott Ott is a master of satire, and this is an excellent brief example of his talent.

Mr. Ott does his usual deft satire here. He imagines he's have to explain to someone the "obvious" liberal meanings hidden in the US constitution.
