Customer Reviews

Three of my kids are learning instruments through the Suzuki method, and it is great. Great method when the parents don't know much musically.

The score is illegible - content would be great if I could only read it! This is via Kindle - the hard copy is fine.

This is a typical piano accompaniment book for the Suzuki series. The price is reasonable. It is easy to use.

Nice to get a less than retail price on this book that we needed for my daughters recital. Thank you!
