20 Ways To Draw A Butterfly And 44 Other Things With Wings: A Sketchbook For Artists, Designers, And Doodlers

Synopsis

Let your imagination take flight with *20 Ways to Draw a Butterfly and 44 Other Things with Wings*. Beautifully illustrated, this inspirational sketchbook will help you learn how to draw anything with wings. From fairies, bats, and airplanes, to dragonflies, gargoyles, and angels, *20 Ways to Draw a Butterfly* is perfect for illustrators, cartoonists, doodlers, and anyone who loves to sketch. This is not a step-by-step technique book--rather, the winged things in this volume are simplified, modernized and reduced to the most basic elements, offering simple abstract shapes and forms that meld together to create the building blocks of any item (man-made or organic) that you want to draw. Each spread features 20 inspiring illustrated examples of 45 themes - bugs, bats, birds, and much, much more - over 900 drawings, with blank space for you to draw your take. This all-in-one sketchbook lets you draw right on the pages making it easy to keep all of your most inspired creations at hand. Your inner artist will fly free with *20 Ways to Draw a Butterfly and 44 Other Things with Wings*.

20 Ways to Draw a Butterfly by Trina Dalziel is a straight forward book that shows the different ways that a person can draw a winged creature using simple ideas and shapes. The reader can use their to basic doodling skills to create unique versions of the same thing. This book is not a step-by-step

drawing book, but more of a fun inspiration book. As you will see in the video, the author has shown how each person can have totally different perspective of the same object. The author also points out in her introduction that one should not compare their work to another but enjoy the process. The point of the book is that each one of us is unique as is our perspective. Each double page in this book has twenty drawings of that subject matter. Each one is different, some are more complicated and some are very simple. The author has left room on each page for the reader to add their own version of the subject matter. I love books that inspire different ways of looking at things and this book really fits the bill.

I bought one of these books: 20 ways to draw... And now I'm buying all of them!! They are super! If you like to draw, sketch, paint etc these books have great ideas for adding details and even focus points to your page.

It's a really fun book. My 3 year old niece loves to get the adults to draw the items for her. There's a nice mix of complex and simple drawings, so good for a doodler or someone wanting to try and learn to draw.

This is a wonderful drawing book and I hope to buy many more. has great selections and I will keep looking and buying.

if you have absolutely no clue how to draw, it will help you draw things well. if you do know how to draw, this book will give you some creative ideas for your next project.

I love to draw and am having a blast practicing my skills with younger ones, and this book had a lot of unexpected options, but for me the cost is too high

I like learning simple drawings that I can use in different formats. The layout is easy to understand and work with.

Simple ideas and shapes appeal to me; I have grandchildren who like to draw and the "20 ways to Draw..." including this one makes entertaining them easier.
