WARNING - this book is not for amateur groups! I play with an above average adult group (20+ years with our instruments) and we have found most of this book to be unplayable. If your group is really, really good then this book could be fun.

The Canadian Brass website lists this collection as "advanced" and "high" difficulty. You might not be able to ascertain this from the two preview pages.

Beware! This is pretty much note for note what the Canadian Brass play! It doesn't sound very much like the Beatles originals you're probably looking for.
